

A short laboratory report

Your name · PSYCH 302 / 305 · 23 September 2026

Question

What did these trials measure?

Prediction

Write this sentence before you run the script.

Results

The table and figure below are written by `scripts/summarize.py`. Do not type the mean here.

Run `bash build.sh YOURFILE.csv` from this folder. This file will be replaced.

Limitation

State n and one reason the number can lie.
